

INMATES RULES AND REGULATIONS HAND-BOOK

EXHIBIT-F. PARAGRAPH-F ENTIRE PARAGRAPH.

E. Food (Showing INMATE ID REQUIRED)

You will be served three meals a day. The food will be wholesome and nutritional. Since food is expensive, you must not waste it. The menus meet recommended dietary allowances, Alabama Administrative Code, American Correctional Association and Local Health Code Standards.

Uneaten food items should remain on your tray and be returned during pick-up. Hoarding of food items provided by the Detention Facility will not be allowed.

F. Medical Services (Showing INMATE ID REQUIRED)

Reasonable and customary medical treatment is available to you. Limited dental treatment is also available. You may request, at your own expense, a private physician (such appointments will be made by this Facility and will be unknown to you and your family). Otherwise, the service will be in accordance with the Detention Facility's medical plan. You should have an opportunity to report illnesses daily through the *Inmate Request Forms*. You may refuse, in writing, health treatment and care; however, you must do so in the presence of the health care staff.

Medical Charges to Inmates

You will be charged a co-payment of **\$10.00** for all self-initiated, non-emergency medical services. However, indigent inmates will never be denied medical services.

If you are involved in an altercation that results in injury to another inmate or officer, you will be charged a medical fee for the injured inmate's or officer's medical treatment.

In the event you have no funds or only partial funds in your account, the account will be placed into a negative balance. When funds are later received, the total or remaining fees will be deducted from your account.

Upon your release from the Facility, any unpaid medical fee balance will reflect a debit on your account from the date of release. If re-incarcerated, that debit will be deducted from any future funds then deposited to your account.
